

CRYSTAL TEX LTF - 07227300

1. Identification

Product identifier used on the label: Product number: Product name:	07227300 CRYSTAL TEX LTF - 07227300
Other means of identification: Chemical family:	Carbohydrate
Recommended use of the chemical and Recommended use:	restrictions on use: food starch
Restrictions on use:	Not Available
Name, address, and telephone number of the chemical manufacturer, importer, or other responsible party: Emergency phone number:	Ingredion Incorporated 5 Westbrook Corporate Center Westchester, IL. 60154, USA Phone: 708-551-2600 (business hours) MEDICAL: 1-866-374-2659 (Health & Safety Call Center - 24 hours) TRANSPORT: 1-800-424-9400 (CHEMTREC - 24 hours)

2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200:

GHS Hazard Symbols: No hazard symbols required **GHS Classification:** Not Classified by GHS criteria Signal Word: No signal word needed. **Hazard Statements:** No Hazard Statement needed. **Precautionary Statements:** No Precautionary Statement needed. Hazards not otherwise classified:

None known.

3. Composition/information on ingredients

Chemical Name	CAS #	Concentration (% by weight)
None classified as hazardous under the OSHA Hazard Communication Standard (29CFR 1910.1200).		

CRYSTAL TEX LTF - 07227300

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

Inhalation:	This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure.
Eye Contact:	Remove particles by irrigating with eye wash solution or clean water, holding the eyelids apart. If symptoms develop, obtain medical attention.
Skin Contact:	Wash skin with soap and water.
Ingestion:	None required.
Most important symptoms/effects, acute and delayed:	Possible physical irritant from dust particles. Potential for dust explosion. Contributes to effluent BOD. Not considered as hazardous.
Indication of immediate medical attention and special treatment needed, if necessary:	No further first aid information is available.

5. Fire-fighting measures

Suitable (and unsuitable) extinguishing media:

Suitable extinguishing media:	CO2, Dry Chemical, Foam, Water Fog
Unsuitable extinguishing media:	None known.
Specific hazards arising from the chemical (e.g., nature of any hazardous combustion products):	Minimum ignition temperature of dust cloud- approx. 390 C. Minimum explosive concentration- approx. 62 mg/l. Minimum energy to ignite cloud by electrical spark- approx. 0.045 joules.
Hazardous combustion products:	Thermal decomposition could produce carbon monoxide, carbon dioxide, and unidentified organic compounds.
Special protective equipment and precautions for fire-fighters:	Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment.
6. Accidental release measures	

Personal precautions, protective equipment and emergency procedures:	Use personal protective equipment as required.
Methods and materials for containment and cleaning up:	Normal precautions for "nuisance dust" should be observed. Avoid prolonged inhalation of dust. Sweep up or vacuum up and place in suitable container for disposal. Prohibit smoking and open flames. Avoid sparks or other sources of static electricity.
:	Not available

CRYSTAL TEX LTF - 07227300

7. Handling and storage	
Precautions for safe handling:	As with all chemicals, good industrial hygiene practices should be followed when handling this material.
Conditions for safe storage, includin Safe storage conditions:	ng any incompatibilities: Store in a clean, dry, well ventilated warehouse away from odorous materials.
Sensitivity to Static Electricity:	Yes
	No special sensitivity.
Other precautions:	Avoid dispersing the powder in the air. Prevent buildup of powder on surfaces.
	Mechanical handling of the powder on inadequately grounded equipment can result in static electrical discharges.
Materials to Avoid/Chemical Incompatibility:	None known

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available.:

Chemical Name	
No data available	

This product can produce a nuisance dust which should be maintained below a time weighted average of 10 mg/m3.

Appropriate engineering controls:	General.	
Individual protection measures, such as personal protective equipment:		
Respiratory Protection:	NIOSH approved dust mask. Dust masks should conform to EN 149.	
Eye protection:	Wear safety glasses. Personal eye protection should conform to EN 166.	
Skin protection:	Skin protection may be required depending on product temperature.	
Gloves:	Gloves are recommended due to possible irritation., Gloves should conform to EN 374.	
Other protective equipment:	Uniforms, coveralls, or a lab coat should be worn.	
:	Not available	
General hygiene conditions:	Wash before eating, drinking, or using toilet facilities.	

CRYSTAL TEX LTF - 07227300

9. Physical and chemical properties

Appearance (physical state, color etc.):	
Pure Substance or Mixture:	Mixture
Physical state:	Powder
Color:	White
Odor:	Starch
Odor Threshold:	Not available
pH:	Not available
pH in (1%) Solution:	3.5
Melting point/freezing point:	
Melting Point (°C):	Not available
Freezing point (°C):	Not available
Initial boiling point and boiling range:	Not available
Flash Point:	Not applicable
Evaporation Rate:	Not applicable
Flammability (solid, gas):	No
Upper/lower flammability or explosive li	imits:
Upper flammability or explosive limits:	Not available
Lower flammability or explosive limits:	Not available
Vapor pressure:	Not available
Vapor density:	Not available
Relative density:	No data available
Solubility(ies):	Slightly soluble
Partition coefficient: n-octanol/water:	Not available
Auto-ignition temperature:	Not available
Decomposition temperature:	Not available
Viscosity:	Not available
Volatiles:	None
Volatile Organic Chemicals (VOC):	Not available

10. Stability and reactivity

Reactivity:	Not expected to be reactive.
Chemical stability:	Stable
Possibility of hazardous reactions:	Hazardous polymerization will not occur.
Conditions to avoid (e.g., static discharge, shock, or vibration):	None known
Incompatible materials:	None known

CRYSTAL TEX LTF - 07227300

Hazardous decomposition products:	This product does not undergo spontaneous decomposition. Typical combustion products are carbon monoxide, carbon dioxide, nitrogen and water.
	water.

11. Toxicological information

Description of the various toxicological (health) effects and the available data used to identify those effects:

Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact):	None known.
Target Organs Potentially Affected by Exposure:	None known.
Symptoms related to the physical, chemical and toxicological characteristics:	No data available
Toxic effects:	This product is considered as being non-toxic. Use of good industrial hygiene practices is recommended.

Delayed and immediate effects and also chronic effects from short- and long-term exposure:

Acute Toxicity:

Acute Toxicity - Oral:	Based on available data, the GHS classification criteria are not met.
Acute Toxicity - Dermal:	Based on available data, the GHS classification criteria are not met.
Acute Toxicity - Inhalation:	Based on available data, the GHS classification criteria are not met.
Skin Corrosion / Irritation:	Wash skin with soap and water.
Eye Damage / Irritation:	Based on available data, the GHS classification criteria are not met.
Respiratory Sensitization:	Based on available data, the GHS classification criteria are not met.
Skin Sensitization:	Based on available data, the GHS classification criteria are not met.
Germ Cell Mutagenicity:	Based on available data, the GHS classification criteria are not met.
Reproductive Toxicity:	Based on available data, the GHS classification criteria are not met.
Carcinogenicity:	No.
STOT - single exposure:	Based on available data, the GHS classification criteria are not met.
STOT - repeated exposure:	Based on available data, the GHS classification criteria are not met.
Aspiration hazard:	Based on available data, the GHS classification criteria are not met.

Numerical measures of toxicity (such as acute toxicity estimates):

Chemical Name	LD50 Oral	LD50 Dermal	LC50 Inhalation
There is no known toxicity data available for the components or the product.			

CRYSTAL TEX LTF - 07227300
