Classification according to Regulation: SS 586: Part 2: 2014:

| Hazard pictograms:   | No hazard symbols required  |
|--|---|
| GHS Classification of the substance or mixture:            | Not classified by GHS criteria  |
| Signal Word:   | No signal word needed.  |
| Hazard Statements:   | No Hazard Statement needed.   |
| Precautionary Statements:                                  | No Precautionary Statement needed.  |
| Other hazards which do not result in classification:       | None known.   |
| % unknown toxicity (Oral):<br>% unknown toxicity (Dermal): | 100 % of the mixture consists of ingredients of unknown toxicity 100 % of the mixture consists of ingredients of unknown toxicity |

## 3. Composition/information on ingredients

| Chemical Name                | CAS No. | Concentration (% by weight) |
|------------------------------|---------|-----------------------------|
| Not classified as hazardous. |         |                             |
|                              |         |                             |

### 4. First aid measures

#### **Description of necessary measures:**

| Inhalation:   | Remove to fresh air. Get medical attention if irritation persists.  |
|---|---|
| Eye contact:  | Remove particles by irrigating with eye wash solution or clean water, holding the eyelids apart. If symptoms develop, obtain medical attention. |
| Skin Contact:   | Wash skin with soap and water.  |
| Ingestion:  | None required.  |
| Description of acute and delayed<br>symptoms/effects:                                       | Possible physical irritant from dust particles. Potential for dust explosion.   |
| Indication of immediate medical<br>attention and special treatment<br>needed, if necessary: | No further first aid information is available.  |

## 5. Fire fighting measures

| Extinguishing media:  |   |
|---|---|
| Suitable extinguishing media:   | Dry Chemical, CO2, Water Fog, Foam  |
| Unsuitable extinguishing media:   | None known.   |
| Specific hazards arising from the chemical:   | Dust may be explosive if mixed with air in critical proportions and in the presence of a source of ignition.  |
| Hazardous Combustion Products:  | This product does not undergo spontaneous decomposition. Typical combustion products are carbon monoxide, carbon dioxide, nitrogen and water.   |
| Special protective equipment for fire-<br>fighters:   | No special procedures are required.   |
| 6. Accidental release measures  |   |
| Personal precautions, protective equipment, emergency procedures:   | Use personal protective equipment as required.  |
| equipment, emergency procedures.  |   |
| Environmental precautions:  | No data available   |
| ,   | No data available<br>Normal precautions for "nuisance dust" should be observed. Avoid<br>prolonged inhalation of dust. Sweep up or vacuum up and place in<br>suitable container for disposal.   |

Materials to Avoid/Chemical None known Incompatibility:

8. Exposure controls/personal protection

VITESSENCE(R) Prista P 360

## Control parameters/ Occupational exposure limits or biological limit values:

| Chemical Name     | Singapore -<br>Occupational<br>Exposure Limits -<br>PELs | Singapore -<br>Occupational<br>Exposure Limits -<br>STELs | Singapore - Biological<br>Exposure Limits |
|-------------------|--|---|---|
| No data available |  |   |   |

This product can produce a nuisance dust which should be maintained below a time weighted average of 10 mg/m3.

| Appropriate engineering controls:                          | General.  |
|--|---|
| Individual protection measures:<br>Respiratory Protection: | NIOSH approved dust mask.   |
| Eye and face protection:                                   | Safety glasses recommended.   |
| Skin protection:   | Skin protection may be required depending on product temperature.   |
| Gloves:  | Gloves are not normally required for foreseeable conditions of use. |
| Other protective equipment:                                | Not normally required. Not applicable.                              |
| General hygiene conditions:                                | Wash before eating, drinking, or using toilet facilities.           |

### 9. Physical and chemical properties

### Appearance (physical state, colour etc.):

| Pure Substance or Mixture:               | Pure           |
|--|----------------|
| Physical State:                          | Powder         |
| Colour:                                  | Light yellow   |
| Odour:                                   | Characteristic |
| Odour Threshold:                         | Not available  |
| pH:                                      | Not available  |
| pH in (1%) Solution:                     | Not available  |
| Melting point/freezing point:            |                |
| Melting Point:                           | Not available  |
| Freezing point:                          | Not available  |
| Initial boiling point and boiling range: | Not available  |
| Flash Point:                             | Not applicable |
| Evaporation Rate:                        | Not applicable |
| Flammability (solid, gas):               | No             |
| Upper/lower flammability or explosive li | mits:          |
| Upper flammability or explosive limits:  | Not available  |

## VITESSENCE(R) Prista P 360

| Lower flammability or explosive limits: | Not available     |
|---|-------------------|
| Vapour pressure:                        | Not available     |
| Vapour density:                         | Not available     |
| Relative density:                       | No data available |
| Solubility:                             | Slightly soluble  |
| Partition coefficient: n-octanol/water: | Not available     |
| Auto-ignition temperature:              | Not available     |
| Decomposition temperature:              | Not available     |
| Viscosity:                              | Not applicable    |
| Volatiles:                              | None              |
| Volatile Organic Chemicals:             | Not applicable    |

## 10. Stability and reactivity

| Reactivity:                         | Not expected to be reactive.  |
|-------------------------------------|---|
| Chemical stability:                 | Stable  |
| Possibility of hazardous reactions: | Hazardous polymerization will not occur.  |
| Conditions to avoid:                | None known  |
| Incompatible materials:             | None known  |
| Hazardous decomposition products:   | This product does not undergo spontaneous decomposition. Typical combustion products are carbon monoxide, carbon dioxide, nitrogen and water. |

## 11. Toxicological information

### Description of the various toxicological (health) effects and the available data used to identify those effects:

| Information on possible routes of exposure:              | Ingestion, Inhalation, Skin Contact, Eye Contact  |
|--|---|
| Target Organs Potentially Affected By<br>Exposure:       | Not applicable.   |
| Symptoms related to physical, chemical and toxicological | No data available   |
| characteristics:   |   |
| Toxic Effects:   | This product is considered as being non-toxic. Use of good industrial hygiene practices is recommended. |
| Exposure levels and health effects:                      |   |
| Acute toxicity:  |   |
| Ingestion Toxicity:                                      | Based on available data, the GHS classification criteria are not met.                                   |
| Acute toxicity - Dermal:                                 | Based on available data, the GHS classification criteria are not met.                                   |

| Inhalation Toxicity:   | Based on available data, the GHS classification criteria are not met.                                      |
|--|--|
| Skin corrosion/irritation:                                   | Low order of toxicity. Unlikely to cause harmful effects under recommended conditions of handling and use. |
| Serious eye damage/irritation:                               | Based on available data, the GHS classification criteria are not met.                                      |
| Respiratory sensitisation:                                   | Based on available data, the GHS classification criteria are not met.                                      |
| Skin sensitisation:  | Based on available data, the GHS classification criteria are not met.                                      |
| Germ cell mutagenicity:                                      | Based on available data, the GHS classification criteria are not met.                                      |
| Reproductive Toxicity:                                       | No.  |
| Carcinogenicity:   | No.  |
| Specific Target Organ Toxicity<br>(STOT)-single exposure:    | Based on available data, the GHS classification criteria are not met.                                      |
| Specific Target Organ Toxicity (STOT)<br>-repeated exposure: | Based on available data, the GHS classification criteria are not met.                                      |
| Aspiration hazard:   | Based on available data, the GHS classification criteria are not met.                                      |

## Numerical measures of toxicity (such as acute toxicity estimates):

| Chemical Name   | LD50 Oral | LD50 Dermal | LC50 Inhalation |
|---|-----------|-------------|-----------------|
| There is no known toxicity<br>data available for the<br>components or the<br>product. |           |             |                 |

## 12. Ecological information

### **Eco-toxicity:**

No information available.

## **Ecological Toxicity Data:**

| Chemical Name     | CAS No. | Aquatic LC50 Fish | Aquatic ERC50<br>Algae | Aquatic EC50<br>Crustacea |
|-------------------|---------|-------------------|------------------------|---------------------------|
| No data available |         |                   |                        |                           |

| Persistence and degradability: | No data available |
|--------------------------------|-------------------|
| Bioaccumulative potential:     | No data available |
| Mobility in soil:              | Unknown           |
| Other adverse effects:         | None known.       |

VITESSENCE(R) Prista P 360

### 13. Disposal considerations

**Description of waste residues and information on their safe handling and methods of disposal:** Disposal should be in accordance with local, state or national legislation.

### 14. Transport information

| DOT Classification:<br>UN number:<br>Proper shipping name or technical<br>name:   | Not regulated<br>Not applicable<br>Not applicable             |
|---|---|
| Transport hazard class:   | Not applicable  |
| Packing group:  | Not applicable  |
| Toxic Inhalation Hazard Zone:   | No data available   |
| Environmental hazards for transport<br>purposes:                                  | No data available   |
| Transport in bulk (according to Annex<br>II of MARPOL 73/78 and the IBC<br>Code): | No data available   |
| Special precautions for user:   | Consult IMO regulations before transporting in bulk by ocean. |

### 15. Regulatory information

| Safety, health and environmental regulations: |  |  |
|---|--|--|
| TSCA Status:                                  | This material is not on the TSCA Inventory. It is excluded under the Food, Drug, and Cosmetic Act. |  |
| FDA   | 21CFR 170.30(b) [Generally Recognized As Safe]   |  |

### Montreal Protocol on Substances that Deplete the Ozone Layer

| Chemical Name     | CAS No. | Montreal Protocol on Substances that Deplete the<br>Ozone Layer |
|-------------------|---------|---|
| No data available |         |   |

### Stockholm Convention on Persistent Organic Pollutants

| Chemical Name     | CAS No. | Stockholm Convention on Persistent Organic<br>Pollutants |
|-------------------|---------|--|
| No data available |         |  |

### Rotterdam Convention on the Prior Informed Consent Procedure for Certain Hazardous Chemicals and **Pesticides in International Trade**

| Chemical Name     | CAS No. | Rotterdam Convention on the Prior Informed<br>Consent Procedure for Certain Hazardous<br>Chemicals and Pesticides in International Trade |
|-------------------|---------|--|
| No data available |         |  |

### Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal

| Chemical Name     | CAS No. | Basel Convention on the Control of<br>Transboundary Movements of Hazardous Wastes<br>and their Disposal |
|-------------------|---------|---|
| No data available |         |   |

## **Singapore List of Hazardous Substances**

| Chemical Name     | CAS No. | Singapore List of Hazardous Substances |
|-------------------|---------|--|
| No data available |         |  |

#### Singapore - HAZCHEM Emergency Action Code(Commonwealth)
