RE. PRODUCT LIST: Materials Not Produced Under an Identity Preserved Program.

Dear Customer,

The products mentioned in Annex I are not produced under an Identity Preserved program for Non-GM materials, so there may be DNA or GM protein in the finished product. Please note that the above is specific to the product codes mentioned.

Ingredion Mexico also handles several non-transgenic (Non-GM) products. If you are interested in a non-genetically modified product, please contact your sales agent or CSPI Ingredion to evaluate which product from our TRUETRACE® Identity Preserved Program best meets your needs.

Thank you for your interest in Ingredion Mexico products.

Sincerely,

Victor González

Quality Assurance Manager
