RE: NBFDS, GMO Statement – NUTRAFLORA® shortchain FOS

We are pleased to affirm that our NUTRAFLORA® short chain fructooliosaccharides are from non-GMO sourced materials and are exempt from the USDA National Bioengineered Food Disclosure Standard (NBFDS).

If you require a further certification for your Non-GMO label requirements, Ingredion offers the following options:

- **Non-GMO Project Verified:** For visibility and tracing backed by internal and external certifications, we recommend Non-GMO Project Verified products.

The intent of this information is to support our customers efforts to develop and implement an appropriate labeling strategy for products containing Ingredion Incorporated ingredients or additives. In all respects, the ultimate decision on how to identify and label ingredients or additives remains with our customers. We urge you to review the relevant regulations carefully and to seek appropriate legal counsel as you determine the labeling requirements applicable to your products.

Thank you for your interest in Ingredion's products. Please contact us if we can be of any further assistance.
