Batch code translation

Batch code system consists of:

- First letter = month of production (letter I is omitted)
- Second letter = year of production (letter I is omitted)
- Third letter = manufacturing location
- 4 digits = batch number

<u>Month</u>	<u>Year</u>	<u>Plant</u>
A = January	A = 2011	no 3 rd letter = Indianapolis, IN
B = February	B = 2012	B = Thailand BKD
C = March	C = 2013	C = Charleston, South Carolina
D = April	D = 2014	D = Goole, UK
E = May	E = 2015	F = Fort Fairfield, ME
F = June	F = 2016	G = Thailand Kalasin
G = July	G = 2017	H = Hamburg, Germany
H = August	H = 2018	I = NA Toller manufacture
J = September	J = 2019	K = North Kansas City, MO
K = October	K = 2020	L = Thailand Banglen
L = November	A = 2021	M = Moses Lake, WA
M = December	B = 2022	N = Thailand Sikhiu
		S = Shanghai, China
		X = South Sioux City, NE
