Statement of Genetic Modification Status
DAIRYBLEND MB2 75000121

PRODUCT IS CONSIDERED GENETICALLY MODIFIED

Some of the components used in the manufacture of this product may be derived from genetically engineered raw materials regardless if genetically modified DNA is still present. We therefore classify this product as GMO. We do not conduct PCR testing on this product.

This product is not considered bioengineered (Not BE) based on most current USDA definition of a bioengineered food. Some of the components used in the manufacture of this product may be derived from genetically engineered crops.

We confirm that the product listed above has been subjected to highly aggressive processing, and there is no genetically modified DNA detected per current methods of testing.

We recommend that each customer should obtain independent regulatory and legal advice regarding the definition of "Non-GMO" or "NGMO" as required. Each customer is solely responsible for determining the nature and content of any claims that may or should appear on its own products and is solely responsible for compliance with all pertinent legal requirements worldwide.

Thank you for your interest in Ingredion's products.
