¹ Allergens identified by the FDA as causing serious allergic reactions in some individuals

² Priority Food Allergens identified by Health Canada

³ Allergenic foods identified in Annex IIIa of the EU Labeling Directive

⁴ Gluten-containing grains include barley, oats, rye, triticale, wheat, kamut, spelt, or their hybridized strains.

⁵ FD&C certified (including Yellow 5 & 6), titanium dioxide, carmine, artificial colorings

This product is exempt from the FDA sulfite labeling rule which requires labeling of all foods which contain sulfiting agents at concentrations of 10 ppm or more.

Sulfites have been identified as present at the plant due to the presence of sulfites at >20 ppm in some products manufactured at this location.

All facilities that manufacture or package this product have Allergen Control Programs in place to manage the risks associated with allergens.
