**Statement of Genetic Modification Status
Ticaloid 1023 T Fine Powder 38514916**

PRODUCT IS CONSIDERED GENETICALLY MODIFIED

The cellulose gum and maltodextrin used in the manufacture of this product may be derived from genetically engineered raw materials regardless of whether genetically modified DNA is still present. We therefore classify this product as GMO. We do not conduct PCR testing on this product.

This product is considered not bioengineered (Not BE) based on USDA definition of bioengineered food, and raw material supplier confirmation that no detectable genetic material is present in the raw material following processing.

Thank you for your interest in Ingredion's products.
